MRS. WHITAKER'S RECOVERY

Oklahoma City, Ok., Dec. 30.—After lingering on the very verge of death for three weeks and preparing for the end, Mrs. Olive Whitaker, who was shot by her jealous husband, will get well. She will be able to leave the hospital and go to her old home in Earlton, Kan., by the last of the week.

Mrs. Whitaker's recuperative powers were little short of miraculous. The bullet from her husband's gun was imbedded in her spine and the physicians held not the slightest hope for her survival.

Whitaker, her assailant, is out under bond.

Anna Gould Keeps Children.

Paris, Dec. 30.—The petition of Count Boni de Castellane that the custody of his three sons be given to his mother, Marquis de Castellane, was denied today. The court ruled that the children remain in the custody of their mother, the Princess de Sagan, formerly Miss Anna Gould of New York.

When the suit was brought Count Castellane claimed \$60,000 a year for the education of the children, to come out of his former wife's estate. During the trial the count's attorney withdrew this claim. It was charged that the count desired control of the money more than the children.

LARGE MILITARY POST.

Fort Sill, Okla., Dec. 30.—That the enlargement of Fort Sill to probably the most important military post in the South or West is now but a matter of time is the evidence given commanding officers at Fort Sill by the interest and efforts now being expended by the War Department in plans already started for its development and by the announcement just received here that the army school of musketry now at Presidio, Cal., will probably be transferred to the home post in the Middle West.

Brig. Gen. Frederick Funston, who was formerly commanding officer of

the Department of California, has recommended that the school be more centrally located, as it is now so far from the Eastern posts that its usefulness is limited to those officers and men who are stationed in that section, and the Department officials have tentatively decided that Fort Sill will be a good location for the school because of its advantageous natural facilities, location and climate.

The change to Fort Sill, they agree would lessen the drain upon the appropriation for mileage and transportation in addition to its other natural advantages. The location of the school of musketry at Fort Sill has been under consideration for some time, it being planned by the military authorities to establish the school in the present quarters of Fort Sill after removal to the present new post.

TEACHERS ENDORSE HASKELL

Shawnee, Okla., Dec. 30.—"The Oklahoma Teachers' Association will tomorrow adopt a resolution endorsing the administration of Governor Haskell. He has been a firm, honest, upright governor and has shown a special interest in educational welfare of the state," said President Charles Evans of the association tonight.

"This has been the greatest convention of teachers that has ever assembled south of the Mason and Dixon line," continued Mr. Evans. "At my request State Superintendent Cameron proclaimed this an institute week so that the teachers might attend. They are here, 2,400 strong and will receive pay for their time. Enthusiasm has been intense. It is a great meeting."

Shawnee, Okla., Dec. 30.—In appreciation of the labors of State Superintendent E. D. Cameron, whose first year at the head of the state department of education has been fraught with advancement almost unprecedented in the history of the country, the Oklahoma Teachers' Association today chose him as their president. The only other candidate was Superintendent T. W. B. Everhart of Enid. The vote was 981 for Cameron and 345 for Everhart.

"This convention is as free from the influence of text book companies as a Methodist conference would be," said Superintendent Cameron tonight in defense against the charge that a text book fight was about to be precipitated. "The report is a base falsehood. This is an association of teachers who come to get food for their labors and not to listen to the prayers of the text book companies. I have not seen a text book agent here."

Important features of today's session were addresses by Bishop William A. Quayle of Oklahoma City, Prof. Charles Lane of Atlanta, Ga., and Hamlin Garland, the author. Miss Kate Barnard, state commissioner of charities, was introduced and the ovation tendered her was one of the striking events of the meeting. Miss Barnard delivered an address tonight. Resolutions commending her work probably will be adopted tonight or tomorrow.

NATION STANDS APPALLED

Italy in Throes of Grief at the Great Havoc Wrought by the Earthquake and Fire.

Rome, Dec. 30.—The immensity of the disaster in Southern Italy and Sicily can only be measured by the fact that it is now estimated that 110,000 people perished in Messina and Reggio alone.

A score of other towns have been devastated and thousands of victims in these places must be added to the roll. In the face of these awful totals Italy stands appalled. Nor has the full death list been reached. Shiploads of fugitives have arrived at Naples and other ports and the vast majority of these are severely injured. Other thousands remain near the ruins of their homes or wander half starved, half naked over the land.

Nothing Left at Messina.

The forces that on Monday overwhelmed the cities also destroyed the means of sustenance. Telegraphic communication has been re-established with Messina, the apparatus having been installed in a railway van. Messages which have come over the lines, though they have been meager in detail, show that hope is gone. Nothing remains of the city but a mass of ruins that have been swept by fire. A mere handful of survivors are being cared for by the rescuing forces, but their distress is great and it has been increased by the violent cold wind that followed the heavy rains. Destitution is everywhere and appalling. There is little food and less water.

Of Messina's 90,000 population it is believed that fully 70,000 perished. Forty thousand people died in Reggio.

The King and Queen were in Messina today. The King explored the ruins, regardless of the danger to which he exposed himself. He was often moved to tears at the heart-rending scenes he came upon at every turn. The King was loud in his praises of the splendid work accomplished by the Italian, Russian and English bluejackets, who saved many persons who otherwise would have perished.

The Queen spent the day in the wards of the hospitals, visiting the wounded, many of whom have lost all that was dear to them. Her Majesty did her best to cheer them with womanly words of consolation, often breaking into sobs as she listened to their dreadful tales of suffering.

The King left for Reggio tonight. Catania, the largest city nearest to the zone of the disaster, is crowded with refugees, and the continuous stream of fugitives coming in, the sight of the wounded and the repetition of the real or imaginary earthquakes have so alarmed the population that they are becoming uncontrollable.

There is no longer any place where the refugees may find shelter.

The government is finding difficulty in ascertaining the fate of the many foreigners who were in the earthquake zone at the time of the catastrophe. Inquiries concerning whom are coming from all parts of the world.

American Consul and Wife Dead.

The commander of the battleship Admiral Makharoff, which arrived with fugitives at Naples today, confirm the report of the death of the American Consul at Messina, Arthur S. Cheney, and his wife, who were buried in the ruins of the consulate. The number of Americans in Sicily and Southern Italy is believed to be small, and several of them are reported as having stayed at Taormina, which is on the east coast, about 300 miles southwest of Messina. According to the latest reports, this place suffered no harm from the earthquake.

The Minister of War, in dispatching orders to the military authorities, who have practically taken over

the absolute power throughout the earthquake zone, explained:

"This disaster has resulted in a greater loss of life than any of our wars for independence. Indeed, the situation is much worse as, while war is always preceded by a period of preparation, this has happened within forty seconds.

Calamity Worse Than War.

"While war only affects the young and strong among the people, the present calamity has mowed down women and children, old men and youths. While in war the armies are followed by the most complete camp hospitals, the numberless wounded in Calabria and Eastern Sicily have been left, in many cases, forty-eight hours without assistance. Even when rescued it is impossible to house them, everything available having been filled by the dead. Lack of care and starvation will complete the work nature has left undone.

Steamers Carry Supplies.

The Minister of Marine tonight received word that the steamships Tairmina and Campania, laden with 45,000 beds and a large supply of provisions, had left Genoa bound for Messina. Other steams, also bountifully stocked, are on their way to the stricken cities from various ports.

The dispatches from the stricken zone say that a large army would be required to cope with even the pressing needs of the unfortunate people, who are roaming about half clad and starving, some of them dragging articles of clothing from the smoldering ruins to protect themselves from the piercing winds.

WILL SUMMONS ROOSEVELT

Washington, D. C., Dec. 30.—That Theodore Roosevelt, private citizen after March 4, will be summoned before the senate committee and forced to tell some things about the secret service is the burden of a sensational story here tonight. It comes from a prominent republican senator, who professes to know what the president

dent's answer will be to the senate on the secret service investigation.

Senators, both democratic and republican, have compared notes and found evidence that alleged secret service men were stationed in the corridors of the senate whenever important legislation was on, and that secret service men were stationed to watch senatorial homes and sent to shadow them on trips abroad.

The senate committee, according to this story, proposes to get some "mighty interesting facts" from Mr. Roosevelt after he becomes a private citizen amenable to summons of the committee.

state producing testimony that Bunch was unarmed and that the officers raised a quarrel with him and shot him to death, part of the shots being fired into Bunch's body while he was lying helpless on the ground.

The attorneys for the prosecution claim that the state will be able to show that Kennedy had threatened Bunch's life a few days prior to the killing. On the other hand the defense produced witnesses who swore that Bunch started the shooting.

Modesty is one of the things that cannot be successfully counterfeited.

STEPPED IN FRONT OF TRAIN.

Was Instantly Killed and Is Unknown.

Duncan, Ok., Dec. 30.—Just as the northbound passenger was pulling in here today at 1:21 an unknown man stepped in front of the train before the engineer could stop the train. The victim's skull was crushed and he was killed instantly. He was a small man, about 45 years old and dark, curly hair. There was no papers or anything on his person by which he could be identified.

Officers Held Under Bond.

Coalgate, Okla., Dec. 30.—The preliminary hearing of Chief of Police W. H. Stouse and Constable J. E. Kennedy, of this city, for the killing of John T. Bunch, on Christmas day, was concluded in County Judge Well's court this afternoon, and the defendants were held in bonds of \$4,000 each.

The evidence was conflicting, the

HAPPY NEW YEAR'S GREETING.

The Daily News extends to its subscribers, patrons and friends a Happy New Year's Greeting.

1908 with its momentous events; its epoch history making; its record of giant strides in religion, science and material development; its joys and sorrows, has passed into oblivion, to be remembered only by the tablets of history.

1909 is already canopied and pinioned, ready for entering the arena; the bright rays of its appearance are thrown athwart the sky as the shadows of 1908 are cast o'er a world from which it takes its flight to be numbered among those of the ages past and gone.

The News appreciates the patronage and kindness of its friends for 1908, and will endeavor to be more worthy in future of a continuance of such favors.

For 1908, good-bye and God bless you.

The water wagon was conspicuous by its absence for the past few days. The boys can now give thanks that the first of January is no near, and they can step on board.—Durant News.

Have been similarly affected here. It seems that troubles have a tendency to come in bunches.

Don't hunt trouble; and count yourself lucky if trouble doesn't find you.—Denison Herald.

It is the trouble hunter who finds what he is after, and he ought to get his just deserts.

PRESS COMMENT.

All in all the year of 1909 is starting off with better prospects for a successful year than any of the many years past. There is a better feeling among business men. The farmers are nearer up with their work. Good men are coming to this country every day and buying homes and everything looks good.—Durant News.

The exposure of rottenness in high places throughout this country in states, in municipalities and private corporations of a semi-public nature, has unquestionably had a strong tendency to clarify the financial atmosphere and general conditions of the country. The people have been aroused from their lethargy, and their eyes are now open so fully that it is going to be extremely difficult to fool them along similar lines. Denison Herald.

The farmer makes a serious mistake if he waits until the first of the year to begin his crop. By this time all the ground to be planted should have been turned. The main cause of crop failures is the failure to begin plowing soon enough.—Caddo Herald.

A St. Louis woman attempted suicide by drinking a solution of matches, turpentine and corn licker. In the invention of suicide devices no city of the country can compare with St. Louis, and there's a reason, for death is something of an inducement there.—Ardmoreite.

THE COMMITTEE SELECTED

The general committee selected by mass meeting and citizens of Ada through President Lucas, of 25,000 club, to assume the direction of the contest of this city for State Normal met this morning and after deliberate consideration, decided to send Hon. W. H. Ebey and Otis B. Weaver to Guthrie to view the organization of the second Oklahoma legislature. Mr. Ebey left this afternoon for the capital city and Otis Weaver will go tomorrow.

The legislature will not organize until Tuesday, but in the interim the fate of Ada's normal securement through those circumstances which often precede and attend the organization of a political body when important legislation is pending, may be placed in the balance.

There had to be some money raised for expenses, but on account of the pressure of time among all the citizens, this last day of the

Rexall
"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

GWIN-MAYS & CO., The Rexall Store.

year, no town subscription was taken, but instead the check book was passed around among the committee and enough secured to take care of the immediate necessities.

The fight for a State Normal will be conducted to a finish. Hon. W. H. Ebey will be Ada's chief Guthrie representative outside of the members of legislature from Pontotoc County. The committee has not finally decided as to the personnel or extent of the lobby which may be maintained at intervals at Guthrie. The committee recognizes its responsibility and the most devoted attention is going to be given to the normal undertaking as far as assistance from this end is concerned.

The Evening News has been requested by the committee to open a State Normal subscription list through its columns. This likely will be done.

Everybody boost—of course—no one will knock—for the State Normal.

The local committee desires the advice and general co-operation of every one in this undertaking before the legislature.

SOUTHWESTERN NORMAL.

Ada Interested in Up-State School Because of Regard for Those Associated.

In a communication from Mrs. Dunstan, matron of the Southwestern Normal School at Weatherford, Oklahoma, we have collected the following data which we deem good reading matter for the public.

It will be remembered that Pontotoc County has personal interest in the Southwestern in the fact that Mrs. Dunstan was a resident of our city at the time of her election and E. P. Downing, head of the department of agriculture was city superintendent of our sister town, Roll, at the time of his election. In addition to this, Miss Lenora Ligon, daughter of our Dr. M. W. Ligon, has been attending school there since September 1st.

We learn that the school has an exceptionally strong faculty and that it is well organized, maintaining twenty full department all of which aggregate one hundred and twenty classes per day. The school at present is somewhat hampered by lack of room but the erection of a new building is to begin at an early date.

ADA DAILY AND WEEKLY NEWS, Ada, Okla.

It is to cost \$100,000 and will be one of the best modeled and equipped buildings in the state. The Southwestern has enjoyed an exceptionally good lecture course this year beginning with the Dunbar Bell Ringers, then the well known American poet, Edmund Vance Cooke, followed by a lecture by Frank Dixon, then Lordea Taft, Clay Modeler and Sculptor. Mr. Taft makes a studio of the stage and gives a striking illustration of what can be done with clay in the hands of a master by changing the face of a young girl to that of a maiden and then to an aged dame of four score. On December 17 the Southwestern orchestra and Glee Club gave the school their Christmas present. A very fine program was given and enjoyed by both the school and down town people. On Thanksgiving Day the Southwestern had two basket ball games. The Southwestern

honoree.

From the time the guests were received by Judge and Mrs. Bolen, assisted by Mrs. Dr. King and were ushered into the spacious parlors, there was not a moment of the entertainment engagement other than the pleasantest and most fitting. It is inherent tradition in this family to always afford pleasant entertainment and open hospitality to those who may be their guests.

Probably this social occasion was the more largely attended and successful of any of the parties in which Ada's younger society has predominated this holiday season.

Forty-two was the game and a combination of most savory and palatable refreshments was the pleasant finish.

Misses Notley and Nance were the out of town guests.

At Judge and Mrs. Bolen's.

Last evening at the commodious home of Mrs. James W. Bolen, a party composed of some of the members of the younger social friends of Judge and Mrs. Bolen, were entertained.

Miss Lenora Ligon at home from college for the holidays was the

girls playing Cordell Academy with a score of 3 to 25 in favor of Southwestern; Southwestern boys playing El Reno boys with a score of 12 to 14 in favor of Southwestern. December 19th Southwestern girls played Oklahoma High School, the game was a tie, two more points had to be made, Oklahoma City making first two points and winning the game.

New Year's Day.

Ada will celebrate New Year's Day by at least the banks being closed. A bank never misses a holiday. They are a hard worked people and need all the rest it is possible to secure.

The postoffice is also an overworked institution, so tomorrow you will be able to get your mail between the hours of 11 and 12.

Wednesday evening, at W. O. Neeley's store, Esq. Brown performed the ceremony between James Purcell, 54, of Conway, and Miss Bettie Pounds, 34, of Lula.

"Cupid's Darts Flying."

Very romantic, indeed, was the sight witnessed at the "Katy" station this morning when the 11:40 passenger train arrived. For about an hour before the train arrived a young man was seen walking up and down the platform with an uneasy tread which had created some suspicion amongst the bystanders. A minister, also, appeared on the scene, by previous arrangement, which looked more suspicious.

When the train arrived a welcome hand was thrust out the window to signal that all was well when the young man was about to enter via the window when his presence of mind returned and he entered the door with the preacher, and the young lady being in the buffet of the car in readiness, the words which pronounced them man and wife were soon spoken.

The young man is Mr. J. R. Mayner of Ladonia, Tex., and the young lady is Miss Ida VanMeter of Maud, Okla. Rev. C. E. Smootz, of the Christian church, officiating. The happy couple went on their way rejoicing and will make their home in Ladonia, Tex.

The Methodist ladies of North Ada will give a supper at the residence of Mrs. J. C. Jordan from 7:30 until 9:30 Saturday night. Turkey, dressing, salad, pickles, celery, coffee and cocoa will be served. All cordially invited. Supper 25 cents. 238 2td

WOMAN'S SCREAMS

A frantic woman, dishevelled and screaming at the top of her voice dashed down Main street today about noon, which attracted the hundreds who thronged the thoroughfare.

Between her incoherent statements, it was found out that her husband, Jim Houser, was being roundly beaten by the Hulseys.

Finally the crowd swayed in the direction of the Katy depot, near where the Housers and Hulseys live.

The result of the row was a bruised face for Houser. He said that he had gone down there for trouble and found it—in fact trouble came in bunches of more Hulseys than he could attend to, so Mrs. Houser lit out up the street screaming for an officer or some kind of help.

It seems that the children of these neighbors who do not live in that harmonious relationship that neighbors should, have been continuously rowing, and their parents took it up and then there was a general mix.

Chief of Police Cuiver went to the scene of the conflict this morning and counseled the stopping of their bickerings and family rows, but it appeared that they ignored his advice. Upon his return after the fight, all of them were taken into custody.

This evening before Police Judge Powers, Jim Houser and O. E. Hulse the son, were each fined \$9.00.

City Attorney Tom Holt has returned from a pleasant visit in Texas, where he spent the holidays.

KIOWA KEENLY KUT KICKS

Hobart, Okla., Dec. 30.—Kiowa county awoke this morning and found herself the second smallest county in the State of Oklahoma. This came about as the result of the election held yesterday in Mountain Park, Cooper and Hunter townships.

Mountain Park and the lower half of Otter Creek townships voted to form a part of a new county along with a part of Comanche county, which shall be known as Park. The secessionists won the election by 75 per cent majority.

Hunter township seceded from both the counties of Kiowa and Park, and by a vote of 266 against 157, voted to be attached to Tillman county.

It will now be necessary for Tillman county to call an election and accept or reject Hunter township. It will no doubt be accepted.

The people of what is left of Kiowa county are not feeling very kindly toward Hunter township. A few years ago a cyclone tore through the south end of Kiowa and destroyed thousands of dollars' worth of property. The farmers were in straitened circumstances, and upon an appeal from the citizenship to the county commissioners all taxes for a period of two years were suspended. The people are of the opinion that Hunter township should have remained loyal to Kiowa county, its benefactor instead of voting to leave her mother home. An effort will now be made to collect the taxes accumulated.

A peculiar question has arisen which is the outgrowth of the election yesterday. J. A. Faulkner, who was re-elected a member of the state legislature to represent the south half of Kiowa county, resides and was elected in that part of Kiowa county which seceded. Can he now represent Kiowa county is a question. He cannot represent Park as he was not elected from that county, so it is claimed by those who claim to know. Others claim that it is impossible to legislate or vote a man out of office, and that he shall receive the same recognition at the state capital as he would had not the election been held.

Bankruptcy Notice.

In the District Court of the United States for the Eastern District of Oklahoma. In the matter of Luther C. Morgan, bankrupt.

In Bankruptcy Court No. 93.

Whereas application has been made by the above named bankrupt for a discharge as provided by Chapter 14-A of the Bankruptcy Law of 1898; now on motion of Brewer Andrews, Attorneys for such bankrupt.

It is ordered, that all creditors of Luther C. Morgan, as well as all parties in interest, show cause at a hearing to be had on such application before A. H. Constant, Special Master, in a Court of Bankruptcy, in the District Court of the United States for the Eastern District of Oklahoma, at Ada, in the Ada Referee District, in said District, on the 2nd day of Jan. A. D., 1909, at ten o'clock in forenoon, or as soon thereafter as such hearing can be had, why such application should not be granted.

That notice of this hearing be given by mailing a copy of this order at least ten days prior to the date for such hearing to each creditor, parties in interest and attorneys entitled to notice of the proceeding herein, and by publishing a copy thereof in the Ada News of Pontotoc county, and State of Oklahoma, the designated newspaper of the County District, not later than one week prior to such date.

That notice be given by or under the direction of the Referee in Bankruptcy in charge of this proceeding.

Dated at Ada, Oklahoma, in said District, this, the 21st day of Dec. A. D., 1908.

A. H. CONSTANT,
Referee in Bankruptcy.

Citizens of Ada who have friends or relatives visiting them, or when they go elsewhere on a visit, will confer a favor on the News by calling up No. 4 and phoning the information. dat

DYNAMITE AND ROB A BANK

Muskogee, Ok., Dec. 30.—Five robbers dynamited the bank at Wellston, Ok., east of here, early today, and after exchanging many shots with the citizens, escaped with \$5,000. No one was hurt.

The robbers, heavily armed, rode into Wellston after midnight. They erected a barbed wire barricade around the bank, and while some members of the gang went to work on the bank safe others stood guard.

The citizens were soon up in arms and a lively exchange of shots with the robbers followed. The robbers were well armed and protected and for two hours they stood the citizens off while their comrade worked on the bank's vault. When they finally succeeded in gaining the money it contained the five men rode off, covering their departure with a constant and heavy fire.

Two hundred shots were exchanged but no one was hurt.

TO REDUCE COTTON ACREAGE.

Petition Signed by 200,000 Farmers Presented.

Galveston, Tex., Dec. 30.—A petition signed by 200,000 farmers of Texas, it is stated, was presented by the Farmers' Union to the meeting of the General Managers' Association, held in Houston Tuesday. The petition requested the reduction of the freight rate on cotton 10c per 100 pounds. No definite reply was made to the petition, according to the best authority.

The proposition made to the railroads by the Farmers' Union that the rate on cotton be reduced 10c per 100 pounds included a suggestion, it is said, to the effect that the railroads might increase the rate on something else, as a sort of offset to the reduction on cotton.

The railroad management consider this proposition one of the most vital they have been called upon to face for some time, according to all indications.

The understanding seems to be that should the railroads not grant the reduction in cotton rates, or rather not request the Railroad Commission to reduce the rate, in response to the farmers' petition, that the said petition will be presented to the Railroad Commission or the Legislature, or both, and the influence of those bodies be brought to bear upon the railroads, if possible.

It is believed that the railroads do not favor a reduction of the cotton rate and will be opposed to making such a reduction as requested, no matter from what source the request may come. It is believed that, even did the railroads consider the reduction inevitable, they would prefer being requested by the Railroad Commission to make the reduction than to request the Railroad to allow them to make it.

ONE WEAK SPOT.

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Tell you the kidneys need help—For backache is really kidneyache.

A kidney cure is what you need.

Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills.

Ada people recommend the remedy.

E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance."

MRS. WHITAKER'S RECOVERY

Oklahoma City, Ok., Dec. 30.—After lingering on the very verge of death for three weeks and preparing for the end, Mrs. Olive Whitaker, who was shot by her jealous husband, will get well. She will be able to leave the hospital and go to her old home in Burlington, Kan., by the last of the week.

Mrs. Whitaker's recuperative powers were little short of miraculous. The bullet from her husband's gun was imbedded in her spine and the physicians held out the slightest hope for her survival.

Whitaker, her assailant, is out under bond.

Anna Gould Keeps Children.

Paris, Dec. 30.—The petition of Count Henri de Castellane that the custody of his three sons be given to his mother, Marquis de Castellane, was denied today. The court ruled that the children remain in the custody of their mother, the Princess de Sagan, formerly Miss Anna Gould of New York.

When the suit was brought Count Castellane claimed \$60,000 a year for the education of the children, and came out of his former wife's estate. During the trial the count's attorney withdrew this claim. It was charged that the count desired control of the money more than the children.

LARGE MILITARY POST.

Fort Sill, Okla., Dec. 30.—That the enlargement of Fort Sill to probably the most important military post in the South or West is now but a matter of time is the evidence given commanding officers at Fort Sill by the interest and efforts now being expended by the War Department in plans already started for its development and by the announcement just received here that the army school of musketry now at Presidio, Cal., will probably be transferred to the home post in the Middle West.

Brig. Gen. Frederick Funston, who was formerly commanding officer of the Department of California, has recommended that the school be more centrally located, as it is now so far from the Eastern posts that its usefulness is limited to those officers and men who are stationed in that section, and the Department officials have tentatively decided that Fort Sill will be a good location for the school because of its advantageous natural facilities, location and climate.

The change to Fort Sill, they agree would lessen the drain upon the appropriation for mileage and transportation in addition to its other natural advantages. The location of the school of musketry at Fort Sill has been under consideration for some time, it being planned by the military authorities to establish the school in the present quarters of Fort Sill after removal to the present new post.

the Department of California, has recommended that the school be more centrally located, as it is now so far from the Eastern posts that its usefulness is limited to those officers and men who are stationed in that section, and the Department officials have tentatively decided that Fort Sill will be a good location for the school because of its advantageous natural facilities, location and climate.

TEACHERS ENDORSE HASKELL

Shawnee, Okla., Dec. 30.—The Oklahoma Teachers Association will tomorrow adopt a resolution endorsing the administration of Governor Haskell. He has been a firm, honest, upright governor and has shown a special interest in educational welfare of the state," said President Charles Evans of the association tonight.

"This has been the greatest convention of teachers that has ever assembled south of the Mason and Dixon line," continued Mr. Evans. "At my request State Superintendent Cameron proclaimed this an institute week so that the teachers might attend. They are here, 2,400 strong and will receive pay for their time. Enthusiasm has been intense. It is a great meeting."

Shawnee, Okla., Dec. 30.—In appreciation of the labors of State Superintendent E. D. Cameron, whose first year at the head of the state department of education has been fraught with advancement almost unprecedented in the history of the country, the Oklahoma Teachers' Association today chose him as their president. The only other candidate was Superintendent T. W. B. Everhart of Enid. The vote was 931 for Cameron and 345 for Everhart.

"This convention is as free from the influence of text book companies as a Methodist conference would be," said Superintendent Cameron tonight in defense against the charge that a text book fight was about to be precipitated. "The report is a base falsehood. This is an association of teachers who come to get good for their scholars and not to listen to the prayers of the text book companies. I have not seen a text book agent here."

Important features of today's session were addresses by Bishop William A. Quayle of Oklahoma City, Prof. Charles Lane of Atlanta, Ga., and Hamlin Garland, the author. Miss Kate Barnard, state commissioner of charities, was introduced and the ovation tendered her was one of the striking events of the meeting. Miss Barnard delivered an address tonight. Resolutions commending her work probably will be adopted tonight or tomorrow.

NATION STANDS APPALLED

Italy in Throes of Grief at the Great Havoc Wrought by the Earthquake and Fire.

Rome, Dec. 30.—The immensity of the disaster in Southern Italy and Sicily can only be measured by the fact that it is now estimated that 110,000 people perished in Messina and Reggio alone.

A score of other towns have been devastated and thousands of victims in these places must be added to the toll. In the face of these awful totals Italy stands appalled. Nor has the full death list been reached. Shiploads of fugitives have arrived at Naples and other ports and the vast majority of these are severely injured. Other thousands remain near the ruins of their homes or wander half starved, half naked over the land.

Nothing Left at Messina.

The forces that on Monday overwhelmed the cities also destroyed the means of sustenance. Telegraphic communication has been re-established with Messina, the apparatus having been installed in a railway van. Messages which have come over the lines, though they have been meager in detail, show that hope is gone. Nothing remains of the city but a mass of ruins that have been swept by fire. A mere handful of survivors are being cared for by the rescuing forces, but their distress is great and it has been increased by the violent cold wind that followed the heavy rains. Destitution is everywhere and appalling. There is little food and less water.

Of Messina's 90,000 population it is believed that fully 70,000 perished. Forty thousand people died in Reggio.

The King and Queen were in Messina today. The King explored the ruins, regardless of the danger to which he exposed himself. He was often moved to tears at the heart-rending scenes he came upon at every turn. The King was loud in his praises of the splendid work accomplished by the Italian, Russian and English blue-jackets, who saved many persons who otherwise would have perished.

The Queen spent the day in the wards of the hospitals, visiting the wounded, many of whom have lost all that was dear to them. Her Majesty did her best to cheer them with womanly words of consolation, often breaking into sobs as she listened to their dreadful tales of suffering.

The King left for Reggio tonight. Catania, the largest city nearest to the zone of the disaster, is crowded with refugees, and the continuous stream of fugitives coming in, the sight of the wounded and the repetition of the real or imaginary earthquakes have so alarmed the population that they are becoming uncontrollable.

There is no longer any place where the refugees may find shelter.

The government is finding difficulty in ascertaining the fate of the many foreigners who were in the earthquake zone at the time of the catastrophe. Inquiries concerning whom are coming from all parts of the world.

American Consul and Wife Dead.
 The commander of the battleship Admiral Makharoff, which arrived with fugitives at Naples today, confirm the report of the death of the American Consul at Messina, Arthur S. Cheney, and his wife, who were buried in the ruins of the consulate. The number of Americans in Sicily and Southern Italy is believed to be small, and several of them are reported as having stayed at Taormina, which is on the east coast, about 300 miles southwest of Messina. According to the latest reports, this place suffered no harm from the earthquake.

The Minister of War, in dispatching orders to the military authorities, who have practically taken over

the absolute power throughout the earthquake zone, explained.

"This disaster has resulted in a greater loss of life than any of our wars for independence. Indeed, the situation is much worse as, while war is always preceded by a period of preparation, this has happened within forty seconds.

Calamity Worse Than War.

"While war only affects the young and strong among the people, the present calamity has mowed down women and children, old men and youths. While in war the armies are followed by the most complete camp hospitals, the numberless wounded in Calabria and Eastern Sicily have been left, in many cases, forty-eight hours without assistance. Even when rescued it is impossible to house them, everything available having been filled by the dead. Lack of care and starvation will complete the work nature has left undone.

Steamers Carry Supplies.

The Minister of Marine tonight received word that the steamships Taurmina and Campana, laden with 45,000 beds and a large supply of provisions, had left Genoa bound for Messina. Other steamers, also bountifully stocked, are on their way to the stricken cities from various ports.

The dispatches from the stricken zone say that a large army would be required to cope with even the pressing needs of the unfortunate people, who are roaming about half clad and starving, some of them dragging articles of clothing from the smoldering ruins to protect themselves from the piercing winds.

WILL SUMMONS ROOSEVELT

Washington, D. C., Dec. 30.—That Theodore Roosevelt, private citizen after March 4, will be summoned before the senate committee and forced to tell some things about the secret service is the burden of a sensational story here tonight. It comes from a prominent republican senator, who professes to know what the president's answer will be to the senate on the secret service investigation.

Senators, both democratic and republican, have compared notes and found evidence that alleged secret service men were stationed in the corridor of the senate whenever important legislation was on, and that secret service men were stationed to watch senatorial houses and sent to shadow them on trips abroad.

The senate committee, according to this story, proposes to get some "mighty interesting facts" from Mr. Roosevelt after he becomes a private citizen amenable to summons of the committee.

STEPPED IN FRONT OF TRAIN.

Was Instantly Killed and Is Unknown.

Duncan, Okla., Dec. 30.—Just as the northbound passenger was pulling in here today at 1:21 an unknown man stepped in front of the train before the engineer could stop the train. The victim's skull was crushed and he was killed instantly. He was a small man, about 45 years old and dark, curly hair. There was no papers or anything on his person by which he could be identified.

Officers Held Under Bond.

Conigate, Okla., Dec. 30.—The preliminary hearing of Chief of Police W. H. Stouse and Constable J. E. Kennedy, of this city, for the killing of John T. Bunch, on Christmas day, was concluded in County Judge Well's court this afternoon, and the defendants were held in bonds of \$4,000 each.

The evidence was conflicting, the

dent's answer will be to the senate on the secret service investigation.

Senators, both democratic and republican, have compared notes and found evidence that alleged secret service men were stationed in the corridor of the senate whenever important legislation was on, and that secret service men were stationed to watch senatorial houses and sent to shadow them on trips abroad.

The senate committee, according to this story, proposes to get some "mighty interesting facts" from Mr. Roosevelt after he becomes a private citizen amenable to summons of the committee.

state producing testimony that Bunch was unarmed and that the officers raised a quarrel with him and shot him to death, part of the shots being fired into Bunch's body while he was lying helpless on the ground.

The attorneys for the prosecution claim that the state will be able to show that Kennedy had threatened Bunch's life a few days prior to the killing. On the other hand the defense produced witnesses who swore that Bunch started the shooting.

Modesty is one of the things that cannot be successfully counterfeited.

ONE WEAK SPOT.

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow very sudden twist. Dull aching, keeps up day and night.

Tell you the kidneys need help—For backache is really kidneyache

A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure headache and urinary ills. Ask people to recommend the remedy. I L Canterbury, Sixteenth St Ada, Okla. says: I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work in fact found it very difficult to walk. Dull nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance.

MRS. WHITAKER'S RECOVERY

Oklahoma City, Ok., Dec. 30.—After lingering on the very verge of death for three weeks and preparing for the end, Mrs. Olive Whitaker, who was shot by her jealous husband, will get well. She will be able to leave the hospital and go to her old home in Earlton, Kan., by the last of the week.

Mrs. Whitaker's recuperative powers were little short of miraculous. The bullet from her husband's gun was imbedded in her spine and the physicians held out the slightest hope for her survival.

Whitaker, her assailant, is out under bond.

Anna Gould Keeps Children.

Paris, Dec. 30.—The petition of Count Boni de Castellane that the custody of his three sons be given to his mother, Marquis de Castellane, was denied today. The court ruled that the children remain in the custody of their mother, the Princess de Sagan, formerly Miss Anna Gould of New York.

When the suit was brought Count Castellane claimed \$60,000 a year for the education of the children, to come out of his former wife's estate. During the trial the count's attorney withdrew this claim. It was charged that the count desired control of the money more than the children.

LARGE MILITARY POST.

Fort Sill, Okla., Dec. 30.—Destined to become important one.

Lawton, Okla., Dec. 30.—That the enlargement of Fort Sill to probably the most important military post in the South or West is now but a matter of time is the evidence given commanding officers at Fort Sill by the interest and efforts now being expended by the War Department in plans already started for its development and by the announcement just received here that the army school of musketry now at Presidio, Cal., will probably be transferred to the home post in the Middle West.

Brig. Gen. Frederick Funston, who was formerly commanding officer of

the Department of California, has recommended that the school be more centrally located, as it is now so far from the Eastern posts that its usefulness is limited to those officers and men who are stationed in that section, and the Department officials have tentatively decided that Fort Sill will be a good location for the school because of its advantageous natural facilities, location and climate.

The change to Fort Sill, they agree would lessen the drain upon the appropriation for mileage and transportation in addition to its other natural advantages. The location of the school of musketry at Fort Sill has been under consideration for some time, it being planned by the military authorities to establish the school in the present quarters of Fort Sill after removal to the present new post.

TEACHERS ENDORSE HASKELL

Shawnee, Okla., Dec. 30.—The Oklahoma Teachers' Association will tomorrow adopt a resolution endorsing the administration of Governor Haskell. He has been a firm, honest, upright governor and has shown a special interest in educational welfare of the state," said President Charles Evans of the association tonight.

"This has been the greatest convention of teachers that has ever assembled south of the Mason and Dixon line," continued Mr. Evans. "At my request State Superintendent Cameron proclaimed this an institute week so that the teachers might attend. They are here, 2,400 strong and will receive pay for their time. Enthusiasm has been intense. It is a great meeting."

Shawnee, Okla., Dec. 30.—In appreciation of the labors of State Superintendent E. D. Cameron, whose first year at the head of the state department of education has been fraught with advancement almost unprecedented in the history of the country, the Oklahoma Teachers' Association today chose him as their president. The only other candidate was Superintendent T. W. B. Everhart of Earl. The vote was 981 for Cameron and 345 for Everhart.

"This convention is as free from the influence of text book companies as a Methodist conference would be," said Superintendent Cameron tonight in defense against the charge that a text book fight was about to be precipitated. "The report is a base falsehood. This is an association of teachers who come to get good for their scholars and not to listen to the prayers of the text book companies. I have not seen a text book agent here."

Important features of today's session were addresses by Bishop William A. Quayle of Oklahoma City, Prof. Charles Lane of Atlanta, Ga., and Hamlin Garland, the author. Miss Kate Barnard, state commissioner of charities, was introduced and the ovation tendered her was one of the striking events of the meeting. Miss Barnard delivered an address tonight. Resolutions commending her work probably will be adopted tonight or tomorrow.

NATION STANDS APPALLED

Italy in Throes of Grief at the Great Havoc Wrought by the Earthquake and Fire.

Rome, Dec. 30.—The immensity of the disaster in Southern Italy and Sicily can only be measured by the fact that it is now estimated that 110,000 people perished in Messina and Reggio alone.

A score of other towns have been devastated and thousands of victims in these places must be added to the toll. In the face of these awful totals Italy stands appalled. Nor has the toll death list been reached. Shiploads of fugitives have arrived at Naples and other ports and the vast majority of these are severely injured. Other thousands remain near the ruins of their homes or wander half starved, half naked over the land.

Nothing Left at Messina.

The forces that on Monday overwhelmed the cities also destroyed the means of subsistence. Telegraphic communication has been re-established with Messina, the apparatus having been installed in a railway van. Messages which have come over the lines, though they have been meager in detail, show that hope is gone. Nothing remains of the city but a mass of ruins that have been swept by fire. A mere handful of survivors are being cared for by the rescuing forces, but their distress is great and it has been increased by the violent cold wind that followed the heavy rains. Destitution is everywhere and appalling. There is little food and less water.

Or Messina's 90,000 population it is believed that fully 70,000 perished. Forty thousand people died in Reggio.

The King and Queen were in Messina today. The King explored the ruins, regardless of the danger to which he exposed himself. He was often moved to tears at the heart-rending scenes he came upon at every turn. The King was loud in his praises of the splendid work accomplished by the Italian, Russian and English blue-jackets, who saved many persons who otherwise would have perished.

The Queen spent the day in the wards of the hospitals, visiting the wounded, many of whom have lost all that was dear to them. Her Majesty did her best to cheer them with womanly words of consolation, often breaking into sobs as she listened to their dreadful tales of suffering.

The King left for Reggio tonight. Catania, the largest city nearest to the zone of the disaster, is crowded with refugees, and the continuous stream of fugitives coming in, the sight of the wounded and the repetition of the real or imaginary earthquakes have so alarmed the population that they are becoming uncontrollable.

There is no longer any place where the refugees may find shelter.

The government is finding difficulty in ascertaining the fate of the many foreigners who were in the earthquake zone at the time of the catastrophe. Inquiries concerning whom are coming from all parts of the world.

American Consul and Wife Dead.

The commander of the battleship Admiral Makharoff, which arrived with fugitives at Naples today, confirm the reports of the death of the American Consul at Messina, Arthur S. Cheyney, and his wife, who were buried in the ruins of the consulate. The number of Americans in Sicily and Southern Italy is believed to be small, and several of them are reported as having stayed at Taormina, which is on the east coast, about 300 miles southwest of Messina. According to the latest reports, this place suffered no harm from the earthquake.

The Minister of War, in dispatching orders to the military authorities, has practically taken over

the absolute power throughout the earthquake zone, explained.

"This disaster has resulted in a greater loss of life than any of our wars for independence. Indeed, the situation is much worse as, while war is always preceded by a period of preparation, this has happened within forty seconds.

Calamity Worse Than War.

"While war only affects the young and strong among the people, the present calamity has mowed down women and children, old men and youths. While in war the armies are followed by the most complete camp hospitals, the numberless wounded in Calabria and Eastern Sicily have been left, in many cases, forty-eight hours without assistance. Even when rescued it is impossible to house them, everything available having been filled by the dead. Lack of care and starvation will complete the work nature has left undone.

Steamers Carry Supplies.

The Minister of Marine tonight received word that the steamships Fairmina and Campania, laden with 45,000 beds and a large supply of provisions, had left Genoa bound for Messina. Other steamers, also bountifully stocked, are on their way to the stricken cities from various ports.

The dispatches from the stricken zone say that a large army would be required to cope with even the pressing needs of the unfortunate people, who are roaming about half clad and starving, some of them dragging articles of clothing from the smoldering ruins to protect themselves from the piercing winds.

WILL SUMMONS ROOSEVELT

Washington, D. C., Dec. 30.—That Theodore Roosevelt, private citizen after March 4, will be summoned before the senate committee and forced to tell some things about the secret service is the burden of a sensational story here tonight. It comes from a prominent republican senator, who professes to know what the president's answer will be to the senate on the secret service investigation.

Senators, both democratic and republican, have compared notes and found evidence that alleged secret service men were stationed in the corridors of the senate whenever important legislation was on, and that secret service men were stationed to watch senatorial houses and sent to shadow them on trips abroad.

The senate committee, according to this story, proposes to get some "mighty interesting facts" from Mr. Roosevelt after he becomes a private citizen amenable to summons of the committee.

STEPPED IN FRONT OF TRAIN.

Was Instantly Killed and Is Unknown.

Duncan, Ok., Dec. 30.—Just as the northbound passenger was pulling in here today at 1:21 an unknown man stepped in front of the train before the engineer could stop the train. The victim's skull was crushed and he was killed instantly. He was a small man, about 45 years old and dark, curly hair. There was no papers or anything on his person by which he could be identified.

Officers Held Under Bond.

Coalgate, Okla., Dec. 30.—The preliminary hearing of Chief of Police W. H. Stouse and Constable J. E. Kennedy, of this city, for the killing of John T. Bunch, on Christmas day, was concluded in County Judge Well's court this afternoon, and the defendants were held in bonds of \$4,000 each.

The evidence was conflicting, the

New Year's Day.

Ada will celebrate New Year's Day by at least the banks being closed. A bank never misses a holiday. They are a hard worked people and need all the rest it is possible to secure.

The postoffice is also an over-worked institution, so tomorrow you will be able to get your mail between the hours of 11 and 12.

Wednesday evening, at W. O. Neeley's store, Esq. Brown performed the ceremony between James Purcell, 54, of Conway, and Miss Bettie Pounds, 34, of Lula.

"Cap's Darts Threw."
Very romantic, indeed, was the sight witnessed at the "Katy" station this morning when the 11:10 passenger train arrived. For about an hour before the train arrived a young man was seen walking up and down the platform with an uneasy tread which had created some suspicion amongst the bystanders. A minister, also, appeared on the scene, by previous arrangement, which looked more suspicious.

When the train arrived a welcome hand was thrust out the window to signal that all was well when the young man was about to enter via the window when his presence of mind returned and he entered the door with the preacher, and the young lady being in the buffet of the car in readiness, the words which pronounced them man and wife were soon spoken.

The young man is Mr. J. R. Mayner of Ladonia, Tex., and the young lady is Miss Ida Vandmeter of Maud, Okla. Rev. C. E. Smootz, of the Christian church, officiating. The happy couple went on their way rejoicing and will make their home in Ladonia, Tex.

The Methodist ladies of North Ada will give a supper at the residence of Mrs. J. C. Jordan from 7:30 until 9:30 Saturday night. Turkey, dressing, salad, pickles, celery, coffee and cocoa will be served. All cordially invited. Supper 25 cents 238 2td

WOMAN'S SCREAMS

A frantic woman, dishevelled and screaming at the top of her voice dashed down Main street today about noon, which attracted the hundreds who thronged the thoroughfare.

Between her incoherent statements, it was found out that her husband, Jim Houser, was being roundly beaten by the Hulseys.

Finally the crowd swayed in the direction of the Katy depot, near where the Housers and Hulseys live.

The result of the row was a bruised face for Houser. He said that he had gone down there for trouble and found it—in fact trouble came in bunches of more Hulseys than he could attend to, so Mrs. Houser lit out up the street screaming for an officer or some kind of help.

It seems that the children of these neighbors who do not live in that harmonious relationship that neighbors should, have been continuously rowing, and their parents took it up and then there was a general mix.

Chief of Police Culver went to the scene of the conflict this morning and counseled the stopping of their bickerings and family rows, but it appeared that they ignored his advice. Upon his return after the fight, all of them were taken into custody.

This evening before Police Judge Powers, Jim Houser and O. E. Hulse the son, were each fined \$9.90.

City Attorney Tom Holt has returned from a pleasant visit in Texas, where he spent the holidays.

KIOWA KEENLY KUT KICKS

Hobart, Okla., Dec. 30.—Kiowa county awoke this morning and found herself the second smallest county in the State of Oklahoma. This came about as the result of the election held yesterday in Mountain Park, Cooper and Hunter townships.

Mountain Park and the lower half of Outer Creek townships voted to form a part of a new county along with a part of Comanche county, which shall be known as Park. The secessionists won the election by 75 per cent majority.

Outer township seceded from both the counties of Kiowa and Park, and by a vote of 266 against 157 voted to be attached to Tillman county.

It will now be necessary for Tillman county to call an election and accept or reject Hunter township.

The people of what is left of Kiowa county are not feeling very kindly toward Hunter township. A few years ago a cyclone tore through the south end of Kiowa and destroyed thousands of dollars' worth of property. The farmers were in straitened circumstances, and upon an appeal from the citizenship to the county commissioners all taxes for a period of two years were suspended.

The people are of the opinion that Hunter township should have remained loyal to Kiowa county, its benefactor instead of voting to leave her mother home. An effort will now be made to collect the taxes accumulated.

A peculiar question has arisen which is the outgrowth of the election yesterday. J. A. Paulkner, who was re-elected a member of the state legislature to represent the south half of Kiowa county, resides and was elected in that part of Kiowa county which seceded. Can he now represent Kiowa county in a question? He cannot represent Park as he was not elected from that county, so it is claimed by those who claim to know. Others claim that it is impossible to legislate or vote a man out of office, and that he shall receive the same recognition at the state capital as he would had not the election been held.

Bankruptcy Notice.

In the District Court of the United States for the Eastern District of Oklahoma. In the matter of Luther C. Morgan, bankrupt.

In Bankruptcy Court No. 93.

Whereas application has been made by the above named bankrupt for a discharge as provided by Chapter 14-A of the Bankruptcy Law of 1898; now on motion of Brewer Andrews, Attorneys for such bankrupt.

It is ordered, that all creditors of Luther C. Morgan, as well as all parties in interest, show cause at a hearing to be had on such application before A. H. Constant, Special Master, in a Court of Bankruptcy, in the District Court of the United States for the Eastern District of Oklahoma, at Ada, in the Ada Referee District, in said District, on the 2nd day of Jan. A. D., 1909, at ten o'clock in forenoon, or as soon thereafter as such hearing can be had, why such application should not be granted.

That notice of this hearing be given by mailing a copy of this order at least ten days prior to the date for such hearing to each creditor, parties in interest and attorneys entitled to notice of the proceeding herein, and by publishing a copy thereof in the Ada News of Pontotoc County, and State of Oklahoma, the designated newspaper of the County District, not later than one week prior to such date.

That notice be given by or under the direction of the Referee in Bankruptcy in charge of this proceeding.

Dated at Ada Oklahoma, in said District, this, the 21st day of Dec. A. D., 1908.

A. H. CONSTANT, Referee in Bankruptcy.

Citizens of Ada who have friends or relatives visiting them, or when they go elsewhere on a visit, will confer a favor on the News by calling up No. 4 and phoning the information. dtt

County Surveyor S. A. Trullitt, has returned from the county surveyor's state convention which was in session at Guthrie last Monday and Tuesday. He reports a satisfactory meeting and most pleasant time.

Mrs. Geo. B. Morris, of Caddo, who has been on a visit to her sister, Mrs. L. A. Ellison, returned to her home today.

The Greetings of the New Year

The Farmers State Bank extends the Compliments of the Season to its customers, patrons, and the public in general; thanking each one separately and all together for their liberal patronage during the past year; inviting a continuance of the same during the incoming year. The bank finds it necessary to enlarge its quarters and increase its facilities for handling its increasing business. Plenty of money to loan. Make your deposits with the first bank in the county to guarantee deposits.

ONE WEAK SPOT.

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow very sudden twist. Dull aching keeps up day and night. Tell you the kidneys need help—For backache is really kidneyache

A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys

Cure headache and urinary ills. Ask people recommend the remedy. I L Canterbury Sixteenth St Ada Okla says I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work in fact found it very difficult to walk. Dull nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance
